

TankBagTM

INTRODUCING
**THE FLEET
OPTIMIZER**
FOR BULK LIQUID LOGISTICS

**ELIMINATES PRIOR CARGO RESTRICTIONS &
ENSURES PRODUCT INTEGRITY. GUARANTEED.**

- TankBagTM turns every ISO Tank into a guaranteed FOSFA, FDA and EU food compliant and Kosher and Halal certified tank container.
- Provides essentially a brand new tank for every load.

OPTIMIZE FLEET UTILIZATION

- Provide clean tanks in areas where cleaning is not an option, or where the cost of cleaning is prohibitive.
- Reduce the number of empty container transports while increasing fleet utilization.

CERTIFIED & COMPLIANT

A WORLD GROUP COMPANY

TRANSFORM YOUR TANK

WITH THE SINGLE-USE LINER FOR ISO TANKS

TankBagTM

SIMPLE PROCESS.

- Load and discharge by pump using a loading hose through the manlid of any ISO Tank.
- Simple loading and discharging process take about 30-45 minutes each.

TESTED & PROVEN RESULTS.

- Liner is constructed of high-quality food-grade polyethylene, made from 100% virgin resin film.
- Valve, coupling and flanges are constructed of polypropylene.
- Provides all the strength and safety of an ISO Tank plus the tested and proven product safety of the TankBagTM.
